Preface

Shelby, near the foothills of the Blue Ridge Mountains, was chartered in 1843. It has an aldermanic form of Government with Mayor and four councilmen, owns and operates its water and electric system. It was named for Col. Isaac Shelby—hero of the Battle of Kings Mountain, fought nearby in the Revolutionary War. Principal streets, such as Washington, LaFayette, Warren, Marion, are named for Revolutionary War heros. Shelby is the home of the late O. Max Gardner, Ambassador to the Court of St. James (1947, Governor (1929-33); the late Clyde R. Hoey, U. S. Senator (1946-1954, Governor 1937-1941); the late E. Y. Webb, U. S. Federal Judge (1949) and former U. S. Congressman during Wilson's administration; Hatcher Hughes, Pulitzer Prize Winner (1934) and the late Thomas Dixon, author of the famous novel "The Clansmen" on which D. W. Griffith based his epic picture "Birth of a Nation."

Shelby home owners take more than usual pride in their community and interest in its development.

LOCATION

Shelby is the county seat of Cleveland County, 40 miles west of Charlotte on U. S. 74, and 72 miles east of Asheville on the same Highway. The city is protected from extreme temperature in winter and summer by nearby mountains, which are the highest east of the Rock-

PREFACE

(Continued from Page 7)

ies. Shelby, therefore, enjoys a year-round climate that is healthful and invigorating. This section offers to those seeking a change of location an ideal, evenly balanced winter and summer climate. The average annual temperature is 59 degrees. Altitude is 846 feet.

POPULATION

Shelby has constantly maintained a solid and well-rounded development of its industrial, agricultural, and cultural features which has resulted in a steady and even population growth. The 1957 population of Shelby is 19,000, and the population of greater Shelby is approximately 25,000. Newcomers find a ready welcome and a neighborly atmosphere, unspoiled by class distinction. It is easy to make friends in Shelby where hospitality comes naturally.

EDUCATION

The Shelby school system is as modern and well-equipped as one would expect to find anywhere. Gardner-Webb College, nine miles from Shelby, offers advantages of higher education in an institution accredited by the Southern Association of Colleges and Universities. The local Howard Business College provides secretarial and accounting training.

RECREATION

A new and delightful $500,000.00 municipal park and recreation facilities, five supervised playgrounds, totalling 120 acres, help to make Shelby a pleasant place to live. A lighted athletic field, seating 4,000, municipal swimming pool, and golf course, together with a private golf course and country club greatly add to the recreational facilities. Also, there is a separate negro park, playground, lake and club house. There are five motion picture theatres with a seating capacity of 3,500. Then, too, there are the active civic and professional clubs such as Kiwanis, Rotary, Lions, Jaycees, Optimist, Masonic Lodge, B.P.O.E., Business and Professional Women's Club, A.A.U.W., Senior and Junior Woman's Club, Junior Charity League, Cleveland-Rutherford Executives Club, Community Concert Club.

AGRICULTURE

A rich agricultural area, Cleveland County has more than 5,000 farms. In addition to being one of the State's largest cotton producing counties, it also markets apples and other fruit and dairy products, beef cattle, hogs, chickens, and small grains.

INDUSTRY

An excellent climate, availability of raw materials, and accessibility to markets—plus an abundance of power, water, and native labor—have all contributed to the industrial development of this section. Shelby has 14 textile and hosiery plants employing over 3,800 people with an annual payroll of approximately nine million dollars.

PREFACE

(Continued from page 9)

ELECTRIC POWER

Cleveland County is the center of the largest and most modern of the Duke Power Company's steam generating plants. This 220,000 Kilowatt steam generating power plant was completed by the Duke Power Company at Cliffside (within the county) in 1948, providing Shelby and Cleveland County with ample light and power for growing business and industry.

FINANCE

The two banks in Shelby have deposits of over 25 million dollars. Also there are three thriving Building and Loan Associations and other financial institutions. Shelby is the retail trading center of Cleveland County, as well as the county seat, with attendant government activities. Shopping facilities are excellent with many good locally owned stores, branches of large chains, and desirable distributing organizations serving the area.

TRANSPORTATION AND COMMUNICATION

Shelby is served by two railroads, the Southern and Seaboard. Buses arrive and leave at all hours of the day and night. Nineteen motor express lines operate through the city. Shelby is also connected by Highways 18, 26, 74, and 150. It also has a private airport. A daily newspaper, the "Shelby Daily Star", established in 1894, serves the county and has ABC circulation of 11,111; the semi-weekly "Cleveland Times," established in 1941 has a circulation of 5,400. Radio Station WOHS operates on clear channel 730 Kilocycles, daylight hours, and WOHS-FM on 96-1 megacycles, unlimited time to furnish radio service. Excellent television reception is had from Charlotte and Asheville in North Carolina and Greenville, and Spartanburg, S. C.

MEDICAL

In 1955 a $600,000 addition to our hospital was completed making a modern 175 bed hospital. As of July 1st, 1957 the hospital will change its name to Cleveland Memorial Hospital and become a non-profit corporation. In addition, there is an active health department directed by a full-time Doctor and a full-time Sanitary Engineer. The New Shelby Medical Center has just been completed and represents an investment of $250,000.00 in the health of Cleveland County.

Shelby offers opportunity not only to its own people, but also to others seeking the particular advantages of working and living, of business and recreation, of pleasure and profit, which it offers in well balanced combination.

15 RANKIN AVE. ASHEVILLE, N. C.

WHEN YOU WANT TO KNOW:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

Southern Directory Co. Asheville, N. C.

THE CITY DIRECTORY

places the city on the map and is its only representative to the world beyond our own gates.

It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication can or does.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

This Publication is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and directory of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
